I have a choice of colored ribbons and beads to suit your own covers.

The images are for display purposes only. Colors may vary slightly due to screen resolution, but I have tried to photograph them to display the colors correctly.

I will require a jpeg file of your cover image, if it is pre-release or pre-cover reveal I assure you full discretion and no images will be displayed in my portfolio until the book is live and on sale.

I will attempt to match charms to the genre of your book, and certain events. For example if you have a strong musical theme I have numerous related charms.

The charms are not waterproof and thus must be kept away from water.

Any further questions regarding bulk prices please email me. I am happy to answer all related questions.

PLEASE NOTE PRICES EXCLUDE P&P! Please contact me for individual postage quote.
